Questions this raises — published data only, so these are questions, not conclusions

1. Henry Smith Foundation accounts for 25% of the grant value recorded on 360Giving, and the top three funders for 63%. Each will want its own figures. Are they produced from one set of records, or rebuilt for each funder?
2. Expenditure exceeded income by £16,210 in the year to March 2025. When that happens through planned use of reserves or grant timing, trustees need a clear forward view. How far ahead can the board currently see?
3. 9% of income came from public bodies: £24,905 from 4 government grants. Commissioned work usually brings its own monitoring returns. How much staff time do those returns take each quarter?
4. 40 volunteers support the charity. Volunteer hours are strong evidence in funding bids, and under SORP 2026 charities with income over £500,000 that report on their volunteers should give the number and the activities they support. Are hours and roles recorded as they happen, so they can be reported and valued?

What a Review would add. Published figures show the shape of the funding. Your own records show what each funder needs, how long it takes to produce, and where the numbers disagree. A Review maps one recurring report in five working days and shows what it would take to produce it once, checked, for every funder. The Reporting & Insight Review is £345, fixed price, no VAT, with a full refund if it doesn't give you at least three improvements you'd act on. Details at **zktheory.org/services**.
