Space Youth Project — funding and finance at a glance

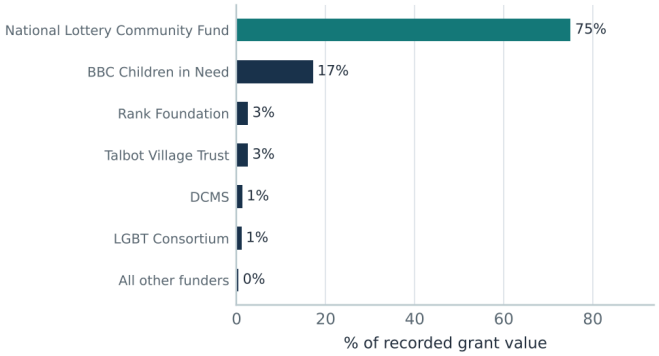

Registered charity 1167902 · Poole

£179k	10	75%	20
income, year to March 2025	grants recorded, 2019–2025	of grant value from the largest funder	volunteers

Income and expenditure, 5 years

Who has funded Space Youth Project, 2019–2025

Questions this raises — published data only, so these are questions, not conclusions

1. National Lottery Community Fund accounts for 75% of the grant value recorded on 360Giving, and the top three funders for 95%. Each will want its own figures. Are they produced from one set of records, or rebuilt for each funder?
2. Expenditure exceeded income by £24,143 in the year to March 2025. When that happens through planned use of reserves or grant timing, trustees need a clear forward view. How far ahead can the board currently see?
3. 39% of income came from public bodies: £41,876 from 1 government grant and £27,083 from 1 government contract. Commissioned work usually brings its own monitoring returns. How much staff time do those returns take each quarter?
4. 20 volunteers support the charity. Volunteer hours are strong evidence in funding bids, and under SORP 2026 charities with income over £500,000 that report on their volunteers should give the number and the activities they support. Are hours and roles recorded as they happen, so they can be reported and valued?

What a Review would add. Published figures show the shape of the funding. Your own records show what each funder needs, how long it takes to produce, and where the numbers disagree. A Review maps one recurring report in five working days and shows what it would take to produce it once, checked, for every funder. The Reporting & Insight Review is £345, fixed price, no VAT, with a full refund if it doesn't give you at least three improvements you'd act on. Details at **zktheory.org/services**.
