FOR ANY SMALL ORGANISATION

Survey analysis

You've collected the responses. I'll tell you what they actually say.

Who it's for

- Charities with beneficiary, member or volunteer surveys
- Training providers with learner or employer feedback
- Any organisation with a staff survey it hasn't had time to analyse

The question it answers

What are people telling us, how strongly, does it differ between groups, and what has changed since last time?

What you get

- Clear headline results for every question, with charts
- Comparisons that matter: by service, site, age group or length of involvement, with differences tested so you don't over-read small samples
- Themes from written comments, coded and counted, with representative quotes
- Change over time where you have earlier surveys
- A 4–6 page report with a one-page summary for trustees or managers, and the cleaned data back to you

What I need from you

- The survey export (Google Forms, Microsoft Forms, SurveyMonkey or a spreadsheet)
- The questions as asked
- Any earlier results you want to compare with
- Who the report is for

How it works

- 15-minute call
- You send the anonymised export
- Report within 7 working days
- One round of changes and a 30-minute walk-through included

Example finding

Overall satisfaction was 86%, but among people who had used the service for less than three months it was 61%. The early weeks were where people were being lost — something the headline figure hid completely.

Illustrative example only, not a client result.

£350–£750 fixed price

Depends on the number of responses and the amount of written comment. Confirmed before work starts. Invoiced on booking, payable on delivery. No VAT is added.

Best time: Any time; ideally within a month of the survey closing, while the results can still shape decisions.

Your data. I work from summary figures and anonymised records. I don't need names or personal details; if a piece of work ever needs record-level data, we agree exactly what, how it's handled and when it's deleted, in writing, before anything is shared.

Next step: email **stephen@zktheory.org** with a line about what you need and when it's due. I'll reply within two working days with whether I can help and a fixed price.
