Questions this raises — published data only, so these are questions, not conclusions

1. Henry Smith Foundation accounts for 54% of the grant value recorded on 360Giving, and the top three funders for 81%. Each will want its own figures. Are they produced from one set of records, or rebuilt for each funder?
2. Expenditure exceeded income by £19,503 in the year to March 2025. When that happens through planned use of reserves or grant timing, trustees need a clear forward view. How far ahead can the board currently see?
3. 18% of income came from public bodies: £74,299 from 2 government contracts. Commissioned work usually brings its own monitoring returns. How much staff time do those returns take each quarter?

What a Review would add. Published figures show the shape of the funding. Your own records show what each funder needs, how long it takes to produce, and where the numbers disagree. A Review maps one recurring report in five working days and shows what it would take to produce it once, checked, for every funder. The Reporting & Insight Review is £345, fixed price, no VAT, with a full refund if it doesn't give you at least three improvements you'd act on. Details at **zktheory.org/services**.
